Scout Report

<http://scout.wisc.edu/Reports/ScoutReport/Current/>

The Scout Report is the flagship publication of the Internet Scout Project. Published every Friday both on the web and by email, it provides a fast, convenient way to stay informed of valuable resources on the Internet. Our team of professional librarians and subject matter experts select, research, and annotate each resource.

Published continuously since 1994, the Scout Report is one of the Internet's oldest and most respected publications. Organizations are encouraged to link to this page from their own Web pages, or to receive the HTML version of the Report each week via email for local posting at their site.

Search Engine Showdown

<http://www.searchengineshowdown.com/>

Search Engine Showdown, the users' guide to Web searching, compares and evaluates Internet search engines from the searcher's perspective. Developed originally as a way to keep track of search engine features and search capabilities and to share that information with others
